

Sourabh kothari

DJ · PRODUCER · HOST OF EXPEDITION

Technical Rider

Setup requirements for a Sourabh Kothari performance. Please share this with the venue's technical team ahead of the event, and get in touch early if any item needs an alternative.

01 Playing setup

PLAYERS	2 × Pioneer DJ CDJ (CDJ-2000NXS2 or newer), linked with Pro DJ Link
MIXER	1 × Pioneer DJ DJM mixer (DJM-900NXS2 or newer)
CONDITION	All gear set up, powered on and tested before the soundcheck, with clean jog wheels, faders and screens
MUSIC	Sourabh plays from his own USB drives and brings them himself

02 Sound & monitoring

MAIN SOUND	A professional PA system suited to the size of the venue, tuned and working before the soundcheck
BOOTH MONITORS	2 × booth monitors, one on each side of the DJ, at ear height
HEADPHONES	Sourabh brings his own headphones

03 Booth & power

TABLE	A stable table at least 2 m wide at standing height, with room either side of the gear
POWER	A power strip at the booth for the players, mixer and a phone charger
ACCESS	Booth kept clear of guests during the set, with a clear view of the dance floor
DRINKS	Water at the booth

04 Soundcheck & changes

SOUNDCHECK	Booth access and a line check before doors open, with a sound technician on site
ALTERNATIVES	If any item above is not available, please tell us in advance so we can agree an alternative
